## CHILD CARE

Balancing work and family is a major challenge for many parents. To help you ensure reliable childcare, we take your individual needs into account and provide customized solutions. Through our nationwide network of facilities, associations, and counseling services in the field of childcare, we support you in finding the optimal balance between your professional and family life.

Our Family Module **CHILD CARE** includes the following services:

### Pregnancy & children

Assistance and support in all questions: from pregnancy to parental leave with our comprehensive assistance for mothers and fathers.

### Child care

We help you to close any short or long-term care gaps.

### Kindergarten and school navigator

Comprehensive research of suitable care institutes and schools (public and private)

### Vacation care

School vacation is a balancing act for all working parents. We advise and help you find vacation offers near to your residence or work.

## CARE ASSISTANCE

Support your employees through every phase of life. A family-friendly personnel policy is a key factor in enhancing employer attractiveness and delivers proven economic benefits. Tailored support that aligns with your employees' current life situations not only reduces absenteeism but also boosts employee motivation, productivity, and the quality of applicants. We conduct research based on your specific requirements and provide solution-oriented counseling for employees and their close family members in the event of illness or the need for care.

Our EAP Family Module **CARE ASSISTANCE** includes the following services:

### **Individual comprehensive assistance in case of illness or care**

Care insurance, process for assessing the level of care required, obtaining aids, financing/funding of care costs, care and accommodation options, living options for the elderly, care services and household services, low-threshold relief and care offers at home, healthcare proxies and power of attorney

### **Professional research, inquiry and review of suitable care solutions with a 48-hour guarantee of a care space**

Assessing the need for care options at the place of residence and work, researching, checking availability and arranging regional support offers

### **Providing assistance and support on processes and procedures**

### **Establishing contact with local assistance and support networks**
